

Our Principle

Using business growth to improve the environments and communities now and for future generations

Reduce Carbon

To reduce our carbon footprint from our activities buildings

Minimise Waste

To eliminate non-hazardous waste to landfill

Boost Skills

To boost skills and raise employability for people from communities of greatest need

As a company we will:

- Deliver low carbon buildings
- Make our business travel green
- Promote more energy efficient offices and sites
- Influence the climate change agenda where appropriate

As a company we will:

- Raise awareness of waste issues and recycling opportunities
- Work with like minded organisations to deliver waste solutions
- Develop robust reporting
- Influence the waste agenda
- Work with customers and suppliers on waste

As a company we will:

- Focus on the employability and skills of individuals
- Provide advice and investment to create more sustainable communities
- Focus on employee involvement in local communities
- Influence the agenda and share best practice on sustainable communities
- Secure funding for key projects

We will work with you to design and deliver you a more sustainable building

We will work with you to minimise waste and have a more positive impact on the environment

We will work with you to boost the skills of people in your local area

We will give you the opportunity to make a positive difference to your local community and the environment around you

Our Programme

Our Commitment to Customers

Our Commitment to Employees
